

Symbio Technologies

Dear Symbio Technologies Customers and Value Added Resellers (VARs),

Symbio Technologies announces the end-of-sale and end-of-life for the SYM1112 stateless thin client. The effective date of this announcement is immediate. The SYM1112's replacement is the SYM5100E. The SYM5100E **exceeds** the SYM1112 in terms of **functionality** and **performance** and is **100% backwards compatible**. Please review the information below and make any necessary changes to existing and upcoming deployments that will be affected by this change. If there are any questions, please contact a Symbio Technologies Value Added Reseller (VAR) or your Symbio Technologies account representative.

Products Affected	SYM1112
Suggested Replacement	SYM5100E
End-of-Life Announcement Date	Oct. 1st, 2009
End-of-Sale Date	While supplies last. Last inventory refresh was August 24th, 2009
Last Ship Date	December 28th, 2009

All shipments must be scheduled to leave our warehouse on or before this date.

End of Support Date **May 31st, 2012**

After this date, Symbio Technologies will no longer support, develop, repair, maintain, replace or test related products. For more information on replacement while under warranty contact your Symbio Technologies account representative. Warranty of existing units can be extended to this day.

Additional Products Affected **SYM111x VESA Mount**

Inventory of the VESA mounting bracket for the SYM1110 and SYM1112 will not be refreshed as of this notice. Product will be available while supplies last.

Product Migration Options **SYM5100E**

Some of the features available in the SYM5100E are supported only on SBAs running firmware SBAv5 or newer.

Technical Changes

Description	SYM1112	SYM5100E	Notes
